

Join Dallas & Linda for a Week of Amazing Diving

August 21 - 28, 2010

Grand Cayman

Join us for a week of diving on the famed north wall of Grand Cayman! You might ask "Why dive the Caribbean in summer?" Good question. How about water temperatures in the mid 80s, visibility 100 ft plus and surface conditions flat calm? Now that's summer! So let me ask you, "Why wouldn't you come dive that?"

Last summer we traveled to Grand Cayman to learn more about the island and diving. The diving is simply sensational! Spectacular reefs abound and if you like turtles this is the place to dive! Linda photographed this curious guy as he swam down to check us out before he returned to his dinner, munching on a nearby sponge while we shot pictures.

We will be diving with **Divetech**. We had the pleasure of diving with them last summer. The entire staff is incredibly knowledgeable & friendly and went out their way to make sure we were having a good time. The resort is also first class! We will be staying at the **Cobalt Coast Resort**, nestled along the north shore where the best dive sites are located. And just in case incredible diving is not enough to keep you occupied, the resort is only minutes away from world renowned "Seven Mile Beach" with it's glistening white sand and hundreds of tourist shops.

Your Grand Cayman vacation package includes 6 days of diving (two dive boat charter & unlimited shore diving each day), accommodations (dbl. occ.), meal plan (breakfast, lunch and dinner w/ soft beverages), wireless internet, airport transfers, gratuities for diving, hotel and restaurant, and local sales taxes.

Once you land in Grand Cayman your only responsibility is to be on vacation! Leave the stress of daily life behind and relax at one of the most beautiful island resorts you will ever experience! Join us for a little "Island Time"!
